

Street Talk is the Land Transport NZ developed and approved course of advanced driving skills to reduce the restricted licence period by 6 months for the under 25 year old driver, and 3 months for those over 25 years old. The course is applicable to both Class 1 (Car) and Class 6 (Motorcycle) licenses.

Street Talk gives you the skills to be an "in-control driver". The course consists of four two-hour sessions of classroom theory and a one-hour practical session, which is preparation for the Full Licence test. The theory component of the course encourages you to consider: risk perception, risk management, self- reflection, decision making, goal setting and monitoring.

Street Talk graduates can also be credited with Unit Standard 3464 on the NZQA qualifications framework.
